

## *WS-100E* Wireless Survey Kit

*Site Design and Demonstration  
Made Easy*

### **WS-100E Wireless Survey Kit**

This portable, easy-to-use kit allows you to take the guesswork out of your next wireless bid with a quick and accurate site survey. You can easily determine if repeaters will be needed, and if so, determine the optimum location for each. The WS-100E is powered by four AA batteries.
